

IT IS EASTER AND THE CATASTROPHY CONTINUES...

First POVERTY, then COVID 19 followed by RIOTS and now... DELUGE and FLOODS and even THEFT !!!

The Head of our school reports:

“Last term we had our telephone cables stolen and had to wait for them to be reinstalled and a week later they were stolen again. Then the floods hit.

Many people were without water and many without electricity - our bridge over the Umshalazana River was washed away. As the Easter weekend was approaching I closed the school early. Two of our classrooms are under water.

I could write more but I am sure that you understand that things were not normal here but Easter Sunday was a triumphant and joyful time! God was so present and we still have so much for which to be thankful! Christ is risen - He is risen indeed!”

The financial support channelled to Udobo School via Action Udobo, which you make possible through your giving, is not enough to meet these catastrophic and unforeseen disasters that have dominated the past 30 months. The need grows and grows. We know that things are getting tougher for everyone here at home, but can you dig deeper into your pocket and give us more?

If all our regular supporters gave an extra £5 per month our income would jump by over £3000 a year. A one-off donation of £50 would increase our capacity and help the School replace that which has been damaged or destroyed. With the benefit of Gift Aid all of that would increase by 25%.

Whatever extra you can give will help us do more for the School and ease their burden. Collectively we hold a key to conquering disaster and can give real meaning to “He is risen indeed”.

Be assured the Trustees work hard to maximise your donations to address these pressing needs. Thank you for your support.
